

Town of Sheffield Economic Development Committee.
Minutes of 3/24/10 meeting.

Attendees: Tom Carmody, Town of Sheffield Building Commissioner; James Kelly, Kevin Schmitz and Rene Wood, EDC members.

Rene Wood chaired the meeting, which began about 5PM.

J. Kelly and then K. Schmitz reviewed the committee's vision of a "how to do business in Sheffield" document with Tom Carmody, as well as the reasons behind creating the document. Extensive discussion ensued. It was agreed that there was merit to this effort; the committee will proceed to develop a rough draft. T. Carmody said he was available on Thursday from 5 – 6PM if questions arose and agreed to provide feedback.

R. Wood got input on her suggestion of having a business to business and business to consumer event to promote Sheffield businesses and their services and doing business locally. Initial discussion focused on a fall date, probably a Saturday. More discussion will ensue at future meetings.

J. Kelly had to leave before the meeting was over. Minutes for the last meeting were approved as written.

The meeting was adjourned at 6:15PM; the next meeting was set for Thursday, April 22nd at 5PM, subject to J. Kelly's availability.

Respectfully submitted by Rene Wood.
