Meeting called to order

Historic Commission met on the Delmolino property to inspect the barns to be considered for Delmolition. Built prior to 1924. Jeff and Michael went into the first barn. Cabled 40 years ago. Noted pegged joinery, second storage area original framing. Partially reside by Art Delomlino. Noted useable beams in seconded barn, floor cabled. Used for hay storage.

Met on the owners porch to continue discussion. Barbara Delmolino and family have done many inquiries to companies possibly interested in the barns without much success. Currently one individual is interested and wants to fill out application for a permit.

Michael noted bot buildings considered a hazard, no argument with Building Inspector or take down. Try to save as much as possible.
