#### Please Check:

☐ Electrical work will be performed by a licensed electrician.

☐ This application is accompanied by a map of the proposed well location (the plan submitted in accordance with Title 5 requirements for septic systems is acceptable for this purpose). Map must include a scaled, extended plot plan and be produced by a registered engineer or sanitarian. All items listed below must be indicated on plans:

(A) Required minimum lateral distances between Well and possible sources of contamination: (fill in all blanks)

| Potential Source<br>of Contamination | DEEP WELL           |                    | SHALLOW WELL        |                    |
|--------------------------------------|---------------------|--------------------|---------------------|--------------------|
|                                      | Required<br>Minimum | Actual<br>Distance | Required<br>Minimum | Actual<br>Distance |
| Subsurface sewage disposal field     | 100 feet            | _____              | 150 feet            | _____              |
| Cesspool or seepage pit              | 150 feet            | _____              | 150 feet            | _____              |
| Septic Tank                          | 50 feet             | _____              | 100 feet            | _____              |
| Sewer Lines                          | 50 feet             | _____              | 50 feet             | _____              |
| Property Lines                       | 10 feet             | _____              | 30 feet             | _____              |
| Public way                           | 25 feet             | _____              | 50 feet             | _____              |
| Driveways                            | 20 feet             | _____              | 20 feet             | _____              |
| Stables, pastures, feedlots, manure  | 150 feet            | _____              | 150 feet            | _____              |
| Underground Fuel Storage Tanks       | 200 feet            | _____              | 200 feet            | _____              |

(B) The Existence of Any of the Following Within 200 Feet of Proposed Well:

Existing and proposed structures: \_\_\_\_\_

Subsurface water and subsurface drainage courses: \_\_\_\_\_

Any other recognizable sources of pollution, including roads: \_\_\_\_\_

Signed: \_\_\_\_\_ (Applicant/Owner) Date: \_\_\_\_\_
