Tri-Town Connector Expands Transportation Services to Sheffield!

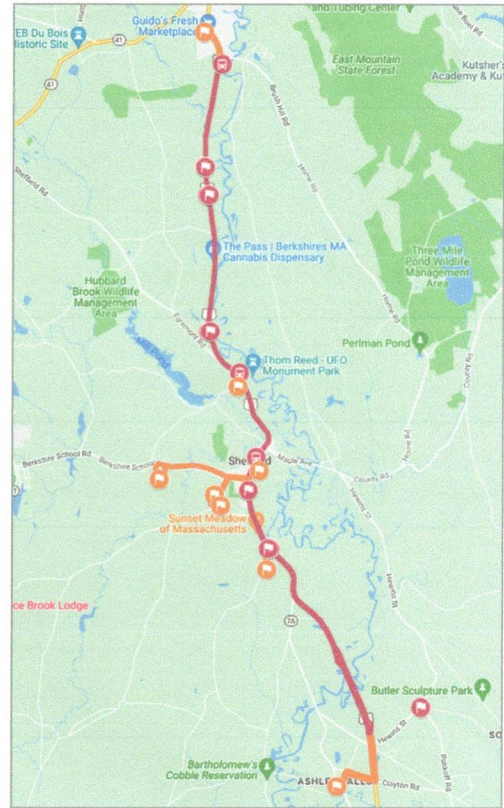

As of January 2, 2024, Sheffield residents who need public transportation will have more options with expanded services from the **Tri-Town Connector**. The Select Board recently approved two additional run times for a total of four M-F round trip runs. (Beginning on 7/1/24, Sheffield may have 7 day/week service.)

Anyone may ride this service at \$2/per ride, with "flag down" service on Route 7 during a normal run. The service has regular times and stops, connection to BRTA #21 and #21x routes, and a list of on-demand stops, which may be scheduled at least 20 minutes in advance, depending on vehicle and driver ability. This service has already proven successful and may just be the type of transit service Sheffield has been seeking for many years.
