Prior to the opening of polls a test ballot was run through the ballot box, (which remained in the box until emptied) and a test ballot was run through the AutoMark. Notations were made in the polling clerk's log. The ballot box was checked by presiding officer Krysiak, who determined it empty. Polls opened promptly at 7:00AM by Precinct clerk Cheryl Blackburn. Voting was steady throughout the day with minimal to no issues. The ballot box did have a couple of issues in the morning, but nothing that would impact voting or the count at the end of the day. Polls closed at 7:00PM, followed by counting of the ballots which concluded at approximately 8:30PM.

The total number of registered voter for this election was 2,345. Of that number, 725 cast ballots.

Respectfully submitted, Felecie Joyce, Town Clerk, CMMC
